About CTRC

Established in 2006, the California Telehealth Resource Center (CTRC) exists to share **broadly applicable no-cost digital health resources and consultative support services** with providers and patients located across all 58 California counties and beyond. As part of a collaboration of 12 regional and 2 national Telehealth Resource Centers, CTRC is **committed to implementing digital health programs for rural and underinvested communities.**

Thank You, CTIRC Funders

The work of the CTIRC would not be possible without funding and support from the Health Resources and Services Administration's Office for the Advancement of Telehealth and the CA State Office of Rural Health, part of the Department of Health Care Access and Information.
